

RAFT IN PARADISE IS NOW ALLEGED

THE HAWAIIAN LEGISLATORS WIN ACCURATE KNOWLEDGE OF THE ART.

HONOLULU, April 14. (via San Francisco, April 21.)—Charges of it have been preferred in the House of Representatives and a demand for investigation has been made. The charge is of rather a petty kind. It is alleged that some of the Hawaiian members have turned a thirty penny translating bill from English into Hawaiian for the House, turning in bills in the name of some third party. It is charged even that some members have introduced bills for the sole purpose of getting the money off for translating them. The creating of the territory provides the proceedings of the Legislature shall be in English. But ever since the organization of the territory the practice has prevailed of translating all bills into Hawaiian and having them printed in that language for the benefit of the members of the legislature who don't speak or understand English readily. The charges and the demand for investigation have been brought to the surface partly as a result of a revolt against the alleged "big stick" methods of the Speaker, H. L. Holstein. The Chamber of Commerce has formulated a protest to the Legislature against an increase of the tax rate.
